Sample the Season's Social Life in People Connection

Editorial

Dear AppleLink®—Personal Edition Member,

Getting a tax refund? Explore the ways you can spend that cash on new hardware or software at the Industry Connection Trade Show. This show is going to rival AppleFest! Get on your walkin' shoes and join the crowd **8:00 - 10:00 p.m. Sunday, April 16** in the People Connection Center Stage Auditorium (*keyword: center stage*). Find out more on page 1.

Didn't get a refund? Drown your sorrows and yuk it up in the Comedy Club. Post your own jokes on the Bag o' Gags message board. Read all about it on page 4. And if that doesn't make you smile, check out the Game Shows for April. Details on page 5.

So many things are going on online that it's impossible to cover them all in the magazine. See your Calendar of Events for highlights. Something I'm especially looking forward to is the premier *Nibble* Magazine's forum conference. Meet the magazine's editors on **Thursday, April 6 at 9:00 p.m.** in the *Nibble* Magazine Forum Conference hall (*keyword: nibble*), located in the Industry Connection of Apple Headquarters.

Explore the work of Computer Professionals for Social Responsibility. This group provides information we need to determine just how much impact computers are making in our lives, and in our environment. Join the discussion at **9:00 p.m. Thursday, April 13** in the Apple Auditorium (*keyword: apple auditorium*) in Apple Headquarters. Learn more on page 2.

Update Magazine is almost a year old now. During these months we've experimented with content, graphics, and other aspects of the publication. This month we're excited about a new opportunity to focus attention on what we believe is the most important part of the magazine — the Calendar of Events. We know you use the *Update* to plan your time online. Our new format will make that easier. It will also bring you the highlights of special programming. Check it out, then let us hear from you! Send your comments to ENelson.

See you online — at all hours!

Turn your tax anxiety into prizes. Enter the "Tax Question Contest" sponsored by the Macintosh® Business Forum and Softview, publishers of Macintax. For full details, see "Tax Question Contest" in the Macintosh Business Forum (*keyword: mbs*).

Automate from the Stove-Top to the Air-Conditioner with Apple Computers

Ever wish your air-conditioner knew you're stuck in traffic, your stove knew when to start dinner and the lights could anticipate your arrival? Join us in the Apple Auditorium, **9 p.m., Thursday, April 20** when we see just how far that vision has come in "Automating the Home." Join us April 20 for a look into the house-and-garden necessities of tomorrow.

**Find out what you can win this
month on AppleLink! Go to the
Apple Contests area, in Apple

APPLE COMMUNITY

Design an Automated House and Win!

Listen carefully in the Apple Auditorium when our guest unveils the automation currently available to run your home, then let your imagination do the rest. Enter the "Automatic Household" Contest in the Apple Headquarters, Apple Contests. For all the details, see the "Automatic Household" Contest in the Apple Headquarters (*keyword: hq*).

Create a Utility for the "Universal Language," and Win!

Six Apple Community Forums are joining forces for the challenge: **build a sound conversion utility** and win!

The Apple II and Macintosh Utilities Forums, in cooperation with the Apple® II and Macintosh Development Forums, and the Apple II and Macintosh Sound and Music Forums are holding a "Sound Off!" Contest, to begin April 1 and continue until they find a winner. Find full contest rules in the Utilities Forums' "Sound Off!" Contest area.

Share a Sense of Community in Across the Boards

Discover a new area of the Apple Community Apple Forums — Across the Boards, a message board that is viewed simultaneously from any Forum on the system. Find the appropriate Forum for your question by posting it in Across the Boards.

"Responses on Across the Boards send the member to the appropriate Forum, but don't answer technical questions directly," says Willie Collier (AFP Willie), Producer, Apple Forums Development. "This is a place to find out where to go, and to banter informally."

Investigate Social Responsibility Issues of Computing

Delve into the challenging issues of computer use and its social implications when the members of Computer Professionals for Social Responsibility grace the Apple Auditorium, (*keyword: apple auditorium*) **9 p.m., Thursday, April 13**.

Computer Professionals for Social Responsibility is a national organization dedicated to the examination of the impact of computer technology on society, including the role of computers in the threat of nuclear war, and issues of privacy in a computerized society.

Come to the "Place Where Everyone Knows Your Name" — LaPub!

People Connection's LAPUB is definitely one of the friendliest bistros in town. So, drop by for a drink or a late dinner. Or have a seat at the bar and join in the lively banter.

LAPUB is **open nightly at 10 p.m.** in People Connection. Reservations are never required; in fact, the management will ensure that your favorite booth or bar stool is always ready for you.

Drop by AppleLink's hottest night spot — Lavona's LaPub. Your favorite booth is waiting for you every night, at 10 p.m., in People Connection (keyword: pc).

There's one catch, though. LAPUB regulars **MUST** know how to slide a beer down the bar without spilling it.

There's a lot happening this month, and **EVERY** month, in People Connection.

So, get started on the fun now. We'll be looking for you throughout April!
